Nashville, TN 37214-1000

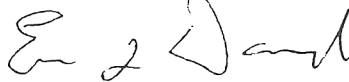

Big Sonny:

I wanted to thank you for inviting Charlene and I down to spend the day with the Varsity gang. I always come away inspired anytime I spend time with Varsity people. You can always tell a Varsity Student over any others, they are more mature, more positive, they have a better attitude about themselves, and they have their life goals in order.

I know without a doubt Varsity had a far more important impact on my life than both college and law school. I learned more about myself, life, and people in the summers with Varsity than I have in all the other years of my life combined. I can honestly say a day does not go by in my life that I do not use something I learned on the book field and I can not say the same for college or law school. I only hope that Kristen will have the opportunity to participate in Varsity when she is old enough. Varsity should be a required course for every single student after high school. It certainly is the greatest experience and opportunity that a student will ever have.

If there is anyway in which I can be of any assistance to you or Varsity, please let me know. I would love to help in anyway I could. Varsity has contributed so much to my success in life I would love the opportunity to give something back to Varsity.

Sincerely,

Eric J. Davidson
