Varsity Summer Sales Program Recommendation

The Varsity Program, led by Glenn Ransom, is one of the greatest leadership tools available to young people today. There have been hundreds of men and women who have gone through this program and have found it to be a life-changing experience. I would highly recommend spending a Summer with Varsity as you map out the rest of your life. It will teach you important skills such as character, integrity, salesmanship, communication and so much more. There is no question that a Summer spent with Varsity will be a Summer that will transform you into someone you never imagined you could be.

Varsity Program for Churches

The Varsity Program, led by Glenn Ransom, has been a pivotal program for hundreds of college-aged men and women for decades. The resources that Varsity has created are amazing in their content and their presentation. There is no question that our country needs to get back to the Biblical truths that helped shape this nation. I have had the privilege of using these books in my own home and have found them to be Biblically accurate and encouraging to people of all ages. I would recommend this program, and these books, to any church, family or individual.
