To Whom It May Concern:

May 1, 2007

I was excited to hear that you are considering spending your summer with the Varsity Internship Program. It is an amazing opportunity. I had the privilege to spend three summers with VIP. I'm not sure what type of info you are looking for, but I can tell you a little about what I think you can expect, based on my own experience.

First, I'm not going to lie to you, if you are anything like me, you are going to work like you never have before. So if you have a problem with that, the VIP, may not be for you. However, if you are up to the challenge, you will also gain rewards like never before, and I don't just mean financially (though those may be significant, too). For me, my time with Varsity helped me to grow as a person in so many ways. I learned things about myself; things I liked, and things I wanted to change. I found out what it felt like to be independent and self-sufficient, financially speaking. I met people who changed my life, and people whose lives, I don't think it is too bold to say, with God's help, I changed. I was able to introduce people to products I believed in very strongly, and at times, even had the opportunity to share with people my belief in God and His Son, Jesus. I saw new areas of the country. I learned firsthand about the lifestyles and mindsets outside of my own little world.

Another reward of this program is the relationships you build with the other students. Of all the great friends I made at LU, I share a special bond with those that I "journeyed" with on the Varsity "trail." Those memories of the fun times we spent at Sales School, Sunday Meetings, leadership retreats, and the incentive trips are priceless!

I guess I would tell you to expect to be challenged, stretched, to learn, to grow, to work hard and play hard, and have fun doing both. Expect to take the things you learn with you into whatever career path you choose. Expect to broaden your horizons and make life-long friends.

Obviously, I highly recommend this experience. And the great thing for you is, should you be selected this year, you have the possibility of at least 3 more great summers as a student manager ahead of you!

Sincerely,

Sarah K. Scott
