

Memorandum

*Office of the Dean
School of Business and Government
Liberty University*

From: Dr. Bruce K. Bell
Subject: Varsity Internship Program
Date: February 6, 2003

From my experience teaching and working with students who took advantage of the **Varsity Internship Program**, I find this opportunity an excellent one for better students and recent college graduates.

Not only are the potential compensation rewards attractive but also the experience is quite valuable for developing skills in communication, organization, sales, and planning.

I support the **Varsity Internship Program** for students who are self-motivated, self-confident, and enthusiastic.
