

Dear Glenn,

Happy Easter from a former Varsity student!

I hope all is well in the Ransom family and Varsity is still growing strong!

An update into Amy's life...

For the last 3 years I have been the General Manager of a very successful Curves franchise. I love the opportunity of working with women and seeing them soar to their potential as well as take steps towards bettering their health and overall outlook on life. I have to say I use so much of what I learned on the bookfield, recruiting and hiring new employees, training and motivating current ones. I can't believe just how challenging it can be to work with a staff and lead them at times. Leading by example has been my motto from the start, a lesson strongly taught by Varsity. I am so blessed to have been given the opportunity my Senior year and wish I could have started sooner with Varsity. I am still very close with Arevig and Sarah Scott, these are friendships that will pass the test of time. If I never had the opportunity before to say it, thanks for being hard on me at times and attempting to push me to reach my own potential. Some of the lessons learned are priceless, as the Mastercard commercials would say. My next adventure will be enrolling in Massage Therapy school here in CT. I love working in the Preventative Health field and plan to continue my education in this arena. I may be in touch for a professional reference in the upcoming months.

Have a Blessed Day!  
Amy Chenoweth
