

Dear Sirs,

Just wanted to take time to thank you for your great Varsity Program for all college students of America. This is a great opportunity for all young people who want to learn to work smart and achieve success in life and in their college education.

My son has worked 5 summers with Varsity- he has paid all his college education plus his car expenses and all insurances. He is **totally self-supporting**. This program has taught him so much – I could write a book. He has learned to be dependable, persistent, reliable, never give up – no matter what, money management, team work, helping others before **himself**, being proud of home, and has given him a network of friends all over the U.S. Jesse is a better person because of Varsity and will carry these positive attitudes into his new successful life.

Thank you for giving him this great opportunity!

God bless you,
Mary Serrano
